

Passion for Projects

A PMI Scandinavian Open Congress

Be a part of Scandinavia's foremost Project Management event: Passion for Projects 2017, 13-14th March in Malmö

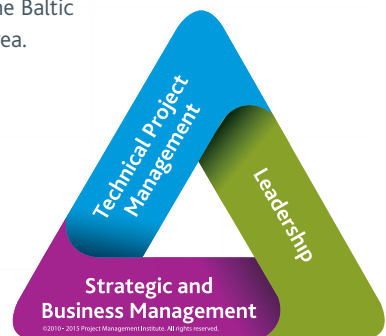

With a membership of around 500,000 project managers worldwide, Project Management Institute (PMI) is a tremendous source of expertise and experience. The Passion for Projects Congress 2017 is your chance to access this and to contribute to the future of portfolio, programme and project management in Scandinavia.

The Passion for Projects Congress will feature four keynote speakers whose presentations address project management from very different perspectives (see overleaf for more details). In addition to the four keynote speeches, around 28 seminars will be presented in 4 parallel tracks in accordance with the PMI Talent Triangle.

As well as a great package of speakers, Passion for Projects 2017 is an unparalleled opportunity to interact with some of the most influential practitioners and opinion-shapers in PMO. It is an opportunity not only to hear about the latest developments in project management, but to make a direct

contribution to the future of our profession. It is Scandinavia's largest meeting place for project management professionals and enthusiasts (expect between 600 and 800 delegates), and this is your chance to be involved.

Passion for Projects is more than a learning opportunity. It is a chance to connect with industry experts, to be inspired by your peers, to contribute your own knowledge and to expand your network. For the PMO community, the Passion for Projects Congress is an event unmatched in Scandinavia and the Baltic Sea area.
